**AQUA DOME - TIROL THERME LÄNGENFELD**  
**RENOVATION 2023**

12/2023

**The AQUA DOME – Tirol Therme Längenfeld celebrates its 20th birthday in 2024 – and stands out with major renovations in the restaurant and bar of the 4-star superior hotel**

## **Alpine meets urban: 4 million for a new restaurant and bar feeling in the AQUA DOME**

The AQUA DOME – Tirol Therme Längenfeld will be 20 years young in 2024 and is ready to present its new look. The extensive refurbishment of the entire hotel restaurant and the new look and feel in the lobby, bar and fireplace lounge of the 4-star superior hotel was completed at the beginning of December 2023, just in time for the winter season. This includes the elaborate new construction of a glazed extension whose “finger’ reaches far out into the nature. Throughout the AQUA DOME, nature merges with the architecture. More than 4 million has been invested in a completely new welcoming contemporary atmosphere, as the owners’ vision clearly focuses on the highest quality. “We want to convey the feeling of staying in the heart of the Alps, but still provide modern inspiration”, says Managing Director Bärbel Frey. The views from the now five restaurant areas into the high alpine mountain world are incomparable, with each setting designed differently in colour and materials. ‘Green meadow’ meets alpine ‘gentian’ and the typical Ötztal ‘cranberry’. However, while the look is inspired by the nature of the region, the modern, stylish interiors create a cosmopolitan impression. Contrasts have always given the AQUA DOME that special something from which the body and mind can draw strength and relaxation: “lift your spirit’ is the motto of one of the best thermal spa resorts in the Alps.

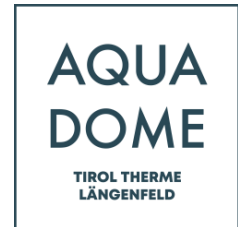

**Short text: 1,406 characters**

The AQUA DOME is not only regarded as one of the best spa destinations, but also the most architecturally exciting thermal spa resort in the Alps, inspired by the nature of the Ötztal region. Not only in the award-winning SPA 3000, but also in the newly remodelled and extended restaurant areas and the newly designed entrance hall with bar and fireplace room in the 4-star superior hotel. The owner group, comprising of Bergbahnen Sölden, Raiffeisen-Landesbank Tirol, regional Raiffeisen banks, the Ortner Group and the municipality of Längenfeld, have focused on both design and quality with the renovation.

A vibrant grass green and the dark red of cranberries, also known as ‘Granten’ in Ötztal, dominate as colourful accents amidst subtle natural tones in two of the new restaurant areas. This is inspired by the alpine flora and the seemingly endless green meadows down in the valley that surround the AQUA

# AQUA DOME - TIROL THERME LÄNGENFELD RENOVATION 2023

12/2023

DOME – as a contrast to the surrounding 3000-metre peaks. The new panoramic extension to the ‘Enzian’ restaurant area, glazed all round and stretching outwards like a finger, brings nature inside. Cushions in vibrant gentian blue harmonise with subtle shades of brown and green, while a large, flowered bench in the “Blumenwiese’ conservatory restaurant invites you to dine – or to look at the pair of eagles that have taken up residence here. Finally, the classic Tiroler Stube parlour, the fifth restaurant area, has been modernised in a discreet look. Though nature has provided much of the inspiration, the interiors and materials, from leather and felt to high-quality woollen fabrics, convey a modern urban character that also wows fans of grand designs.

### More open space, more garden, more socialising at the new bar

The remodelling also creates more space between tables: “Guests appreciate more privacy, even in the restaurant”, explains Bärbel Frey. Different seating heights provide variety and better views of the natural surroundings. “And the new buffet can be reached equally quickly from all five restaurant areas”. This also means that the three baristas who prepare breakfast coffee in high-quality portafilter machines are within easy reach. Last but not least, guests can be seated at their table more quickly, thus avoiding unnecessary queues. A new restaurant garden will also delight all outdoor fans. Look forward to opulent barbecues and a direct connection to the Ötztal Cycle Trail. Feast your way through the cuisine of the “Alpine Arc’ in all the restaurant areas. A culinary cultural exchange with vegan and vegetarian options.

On top of that, the new rounded bar in the lobby makes a real statement with plenty of open space, including upwards. As you enter, the new look and feel is light, fresh and modern, spacious yet structured at the same time. There’s an air of big city flair, which makes for an exciting contrast in the middle of the Ötztal. The new bar will be a socialising hotspot all day long – from playing with the kids and chatting with friends to enjoying some gin in the evening, always accompanied by musical events. Those who prefer a more romantic atmosphere can snuggle up in Italian designer armchairs in the new fireside lounge and savour fine wines from the new wine fridges. Preferably a Chardonnay from the vineyards of Peter Zoller and Elisabeth Saumwald in Haiming, Ötztal.
