### **Stylish and modern: New look & feel**

The AQUA DOME is inspired by the nature of the Ötztal; not only in the award-winning SPA 3000, but also in the newly remodelled and extended restaurant areas and the newly designed entrance hall with bar and fireplace room. The owners have realised their vision for a contemporary feel with the highest quality, aiming to convey the feeling of staying in the heart of the Alps while still providing modern inspiration. The views of the high Alpine mountains from the five restaurant areas are incomparable, and each setting has been designed differently in terms of colors and materials. Modern, stylish interiors also ensure a cosmopolitan overall impression. The new bar makes a real statement in the lobby, with its mirrored ceiling. Tip: The passionate and knowledgeable bar team has selected well over 100 gins; a selection to impress even true connoisseurs. Accompanied by music events in the evening. In summer, the new restaurant garden opens, with its opulent barbecues. The AQUA DOME kitchen uses traditional recipes and local specialities, ingredients and production methods from the Alpine region in surprising new ways. A real culinary cultural exchange, exciting for gourmets too!
