SUMMER ADVENTURE 2024

06/2024

[With a new look and feel, inside and outside: AQUA DOME – Tirol Therme Längenfeld](#)

Experience the Ötztal as your own adventure playground, and relax with that summer feeling in the AQUA DOME

The summer feeling 2024 has a name: AQUA DOME – the high-end tip from the Ötztal! The luxurious thermal spa resort is considered the highest quality and most architecturally exciting spa resort in the Alpine region, and not just since the recent refurbishment of this 4-star superior hotel. Feel the altitude between 250 three-thousand metre peaks and the elemental force of the thermal water from a depth of 1865 metres – in the cool water of the mountain lakes and in the warm water of the thermal spa. Discovering the Ötztal is always an adventure; try hiking, or (e-)biking with the hotel's own large bike fleet. And then relax in the 12 indoor and outdoor pools of the thermal spa, the 11 saunas and on the huge sunbathing lawns. A summer holiday at the AQUA DOME - Tirol Therme Längenfeld puts body and soul in high spirits: lift your spirit! Float under the open sky in our extraordinary 'shell pools', with the backdrop of the 3,000 metre peaks in view. Or with an Alpin Spritz or a non-alcoholic Pusch Spritzer on the new, stylish hotel terrace. AQUA DOME is the thermal spa resort with the largest wellness area in Tyrol and is recognised as the "World's Best Mineral & Hot Spring Spa". You'll not only find endless individual space on 65,000 m² of total area, but also enough room for the separate 'Alpen Arche Noah' family water world; families are just as happy as couples or those seeking peace and quiet. There are also special offers for active people and families, for those who want to relax and for mountain enthusiasts.

of the Alps alongside modern inspiration. The view outside from the five restaurant areas into the high alpine mountain world is incomparable, and each setting has been designed differently in terms of colour and materials.

Modern, stylish interiors also ensure a cosmopolitan overall impression. With its mirrored ceiling, the new bar makes a real statement in the lobby. Tip: The passionate and knowledgeable bar team has selected well over 100 types of gin, something special for true connoisseurs. Accompanied by music events in the evening. The AQUA DOME culinary team puts a surprising new spin on traditional recipes and local specialities, ingredients and production methods from the Alpine region. A culinary cultural exchange!

The centre of the summer feeling, however, is the new hotel terrace with views of the imposing peaks, located right on the Ötztal cycle path. After an active morning, why not enjoy a light vegan summer vegetable bowl, a chard salad with caramelised goat's cheese or a classic Wiener schnitzel? Or simply relax in the stylish lounge furniture and sip a cocktail? Marvellous! The hot tip for summer 2024: the Alpin Spritz or the delicious Ötztal 'sölsch' beer, brewed at 1,400 metres altitude in Sölden. For full flavour without alcohol, check out our homemade lemonades and cocktails, such as the basil and apricot lemonade or the punch spritzer. Enchanted forest

The Ötztal – Your summer adventure playground

Because adventure is an inseparable part of an AQUA DOME holiday, you can discover the most beautiful places in the Ötztal on daily guided tours. A leisurely nature hike to the Winklbergsee lake with Maria? An exciting geological nature trail will take you to the lake, which radiates the tranquility of a place of power. The Ötztal also offers suspension bridges and rustic alpine pastures, fragrant flower meadows and summit conquests; there are 1,300 kilometres of hiking trails. Prefer travelling on two wheels? A fleet of 50 high-quality (e-) bikes awaits you at the AQUA DOME to explore all kinds of routes and bike & hike trails. Refreshing in summer: the e-bike tour to Stuibenfall, Tyrol's highest waterfall, with a drop of 160 metres. With your guide, Ralph, you will set off from the AQUA DOME along the Ötztal cycle path to Umhausen and then continue on foot to the waterfall. And if the weather doesn't play ball, a trip to the old village smithy in Niederthai might be interesting; blacksmithing is an ancient craft that is still of great importance to the region.

Luxurious relaxation – with a separate family water world

First the tension, then the relaxation: that's what active recreation is all about! Surrounded by mighty peaks, the AQUA DOME is one of the top locations for wellness and relaxation with its huge range of thermal baths and saunas, the 'thermal deep' signature treatments and the private Spa 3000 for guests of the 4-star superior hotel. That little extra something is provided by the thermal water from a depth of 1,865 metres in 12 indoor and outdoor pools. And even families with children are catered for – without disturbing those seeking peace and quiet. There's plenty of action in the separate 'Alpen Arche Noah' water world, including a water fun park on the deck of a ship. The 'Family Time' programme also offers delicious food and ice cream, water fun and children's entertainment. The 'Relaxation time', 'Active time'
