Why couples and families love the AQUA DOME - Tirol Therme Längenfeld

Treasure hunts & water slides: The Ötztal valley and the AQUA DOME are great for families!

There are more and more 'adults only' concepts everywhere – but Tyrol's largest wellness area is still open to everyone and is considered one of the biggest attractions in Tyrol, whether for a relaxing wellness break or a fun-filled family holiday. A balancing act that seems impossible? Not in the spacious AQUA DOME, which has a total area of 65,000m². The luxurious SPA 3000 on the roof of the thermal spa complex can only be used by hotel guests aged 15 and over. Meanwhile, there is a separate children's area named 'Alpen Arche Noah': an ideal combination of wellness and adventure area, where parents and children can enjoy their time together and everyone gets their money's worth, without disturbing those seeking peace and quiet. There's lots of action in the Water Fun Park on the deck of a ship, the much-loved funnel slide and the baby pool, where even the youngest children can discover the water. Especially cool in summer: the separate area with an outdoor pool where kids can play, swim, splash and have fun. All under the banner of AQUAKI, the cheerful AQUA DOME mascot, who likes to drop in on the children's programme himself. Look forward to arts and crafts, games, face painting and children's Olympics, pirate treasure hunts, children's yoga and much more. There is also a children's table in the newly remodelled hotel restaurant, which has separate rooms for couples and families. And right on the doorstep, the Ötztal has an incredible variety of family highlights to discover, from the Kidspark to the Magic Forest, the Mountaincart and the Stone Pine Forest. Our tip: Don't miss the AQUA DOME 'Family Time' offer for quality family time together.

Kidspark Ötz

Because they are only strong together: AQUAKI and WIDI, the frog from the AQUA DOME and the mountain sheep from the Ötztal valley. Inspiration? At 5,000 square metres, the Kidspark Ötz is the largest playground in Tyrol – with ten stations that 'follow in the footsteps of the miners'.

Magic Forest Sautens

In the enchanted forest in Sautens, a pram-friendly hiking and walking trail will delight the whole family, including playful learning at various stations and a large forest playground.

Widiversum Hochoetz

In the 'Widiversum' in Hochoetz, you can go on an adventurous treasure hunt at an altitude of 2,020 metres: WIDI and his friends need the help of all the kids to find the stolen magic crystal hidden by the evil wolf. The adventures not only require courage, but also brains. It's also fun to explore WIDI's themed trails – such as the 'Tour for summiteers' or 'The exciting world of mountain men'. There are even 'real' treasure chests hidden in the Obergurgl stone pine forest, and the bird of prey park in the Ötzi village is one of the attractions.

Experience action: discover unique leisure activities in the Ötztal valley

If you want to really feel the adrenaline, take a mountain cart down the seven-kilometre route on the Gaislachkogel in Sölden into the valley. Or discover the adrenaline-fuelled power of extraordinary sports, explore gorges, caves and white water and even learn to fly in Austria's largest outdoor leisure park at the entrance to the Ötztal. A must for the brave! Don't miss the Längenfeld suspension bridge at a height of 220 metres above the valley floor – including cosy refreshment stops along the pram-friendly circular trail.

Alps Noah's Ark, family rooms and 'Family time'!

Back at the AQUA DOME, it's straight into the 'Alpen Arche Noah' children's world – and onto the water slide at top speed. Slide down the funnel slide at full speed or through the huge tyre slide, featuring fun effects with sound and LED shows: great experiences, and not only for kids! If that's not enough, board the ark, play in the water fun park amidst various splash and water play attractions or jump into the children's pool. And in the outdoor area, all families can play to their heart's content in the open air. Childcare 'on land' with children's entertainers (daily from 11 a.m. to 6 p.m.) also offers parents the opportunity to relax in cosy wooden loungers by the relaxation pool nearby, or take a short walk to the thermal dome and the nearby sauna world. Fancy one of our imaginative infusions, perhaps with Ötzi ice cubes? Or a regional 'thermal deep' treatment with the power of thermal water from a depth of 1,865 metres and regional Ötztal herbs? Or would you prefer the stylish SPA 3000, exclusively for hotel guests (aged 15 and over)? Look forward to extraordinary sauna experiences and cocktails on the roof terrace with panoramic views of the peaks. Speaking of which: the new hotel terrace is also a stylish lounge oasis for the 'grown-ups' to enjoy a refreshment. Our tip: The family rooms and suites in the AQUA DOME offer plenty of space for everyone.

And the popular AQUA DOME 'Family Time' offer for 3, 5 or 7 nights not only includes cable car rides, guided hikes, bike tours and free bikes until 6 October 2024, but also delicious food and ice cream to keep your family holiday affordable.
