ENERGY · RESOURCES · MOBILITY · LOCAL SOURCING

WHAT WE DO IN PRACTICE

At AQUA DOME, we take specific measures in the areas of energy, mobility, resource use and local sourcing. Here are some of the steps we take.

Österreichisches Umweltzeichen
Green Hotel

AQUA DOME Hotel – certified

qualityaustria
SYSTEMZERTIFIZIERT
ISO 50001:2018 NR.00150/3

Certified energy management system

ENERGY

Energy management
AQUA DOME – Tirol Therme Längenfeld operates an energy management system certified to ISO 50001:2018.

Energy monitoring
A central monitoring system records key energy consumption data for our energy management.

District heating
According to the 2025 energy mix, 90.9% of the district heating we purchase comes from renewable energy sources and 9.1% from fossil fuels.

LED lighting
We use LED lighting exclusively outdoors; in all other areas, around 95% of our lighting is LED.

Master switch
When leaving your room, you can use the master switch to turn off the connected electrical devices.

RESOURCES

Towels & terry linen
Washing and drying terry linen uses water and energy. Please use towels only as needed.

Pool sandals
By bringing your own pool sandals, you help us avoid providing additional pairs.

Water served on site
Our Wellwasser is filtered through activated carbon, treated and served directly on site. This means bottled mineral water does not need to be delivered for this purpose.

Digital information
At check-in and check-out, we use digital rather than printed materials wherever operationally possible.

MOBILITY

Public transport
Numerous long-distance trains stop at Ötztal station. From there, you can reach Längenfeld by public bus.

Ötztal Guest Card
Your Ötztal Guest Card lets you use public buses in the Ötztal in line with the current benefits. Our hotel reception will be happy to provide information on connections and tickets.

LOCAL SOURCING

Food from Tyrol
AQUA DOME Hotel and thermal spa are recognised as “Bewusst Tirol” businesses. We source selected foods from producers and businesses in Tyrol.

Bewusst Tirol
QUALITÄT·TIROL

thermal deep
Our thermal deep skincare range is made by Pure Green Cosmetics in Roppen, Tyrol.

LEBENSRAUM ÖTZTAL

Lebensraum Ötztal works with local municipalities and businesses to enhance quality of life for residents, guests and employees, with a focus on nature, mobility, local economic development and infrastructure.

Lebensraum ÖTZTAL

AQUA DOME is in regular dialogue with the Lebensraum Ötztal sustainability team.
